Quality Staffing Solutions

Welcome to Renewed Care Solutions

We are a temporary employment agency operating nationwide and providing dependable and experienced Nurses, Healthcare Assistants, Carers, Support Workers and other domestic staff. In addition to nursing, care and residential homes, our clients are typically private hospitals, CCG's or social services.

We are proud of our values, manners, good timing and a friendly 'can do' attitude. We're professional and our clients know that there's no substitute for our dependability, reliability and our prices.

Whether your service is focused on providing social companionship or more complex healthcare, we can help! Our staff have the experience that includes caring for younger adults, the elderly, those with spinal or brain injuries and mental health.

With a proven track record in the healthcare sector, Renewed Care Solutions staff and management are committed to excellence and meeting your needs as a healthcare provider. From supplying a one-off cover, to providing auxiliary support for major projects, we ensure that we furnish you with the most cost-effective and reliable healthcare staffing solutions.

Our Values

Our philosophy is to provide personified solutions that maximise the potential of our clients. This means providing an environment, which makes it possible to work towards overcoming challenges. For this to happen we like to provide appropriate support to enable independence. This may include stimulation through reasonable and monitored risk-taking. We also promote the civil and human rights of those in our care, non-discriminatory practices and celebrate individuality.

Renewed Care Solutions prides itself on the mutual respect between service users, clients and staff. We have achieved this by upholding the dignity of each individual and by providing the highest possible standard of staff recruitment. Through rigorous selection, training and development, we enable employees to further develop their professional and caregiving skills.

Mission Statement

Our mission is to be a staffing solutions provider and employment agency of choice by helping people and businesses reach their goals. Our aim is to attract, engage and retain talent by cultivating success through developing careers, encouraging communication and honoring staff commitment.

We are a family-run business committed to making a genuine difference in the lives of our clients. Renewed Care Solutions management team has over 20 years' experience in the health and social care sector. Throughout those years working in the community, we witnessed sub-standard services where clients feel as though they have no say about their own care. This propelled us to start our own company. At Renewed Care Solutions, we aim to provide compassionate care to our clients and to train our carers to the highest level.

We will recruit staff that will care for our clients as they would for their own family members. Renewed Care Solutions puts dignity and respect at the forefront of its care practices. Our focus is to enable our clients to achieve their optimum state of health and well-being. This will be achieved by recognising the clients' needs for personal fulfilment and offer individually tailored programs.

What Makes Us Different?

Owned and managed by people who have years of experience within the healthcare sector, Renewed Care Solutions knows what it takes to match the right staff with clients needs. Using our insights into what is required for each situation, we provide a service with professionals trained for each and every scenario.

With access to a broad network of available staff, we can find the right person for the position. Renewed Care Solutions ensures your business has access to the reliability, flexibility and experience needed to support your clients.

Our recruitment process is very discerning. We only take on staff who have appropriate and verifiable references. It is important to us that we provide professional and competent staff which clients can have confidence in with regards to screening, assessment and training.

Although our quality of service and professionalism is of utmost importance to us, it is also vital that we provide affordable solutions. By offering attractive packages to both employees and clients, we keep a balance that does not affect the quality of staff nor your ability to use our services. Our initial trial period delivers the most attractive rates that beat most agencies.

Our Recruitment Standards

What we have always done better than anybody else is to provide the highest quality care staff. We apply internal Quality Assurance Systems, that are continually being improved, during our rigorous hiring process. It is essential to us and our clients that our staff are compliant.

Every candidate that we screen is interviewed by our recruitment specialist. This means that only those with the right care experience, local knowledge and awareness are hired. Our staff are handpicked to match the services they need to provide. They have the right qualifications and experience, with many of them having achieved QCF Level 2 or 3.

Your Business Is Our Business

Each candidate or employee needs to go through Disclosure Barring Services (DBS), POCA, SOVA, work history, experience and qualification checks. Renewed Care Solutions also verifies references and health declarations, so that we know exactly who is capable of what and to what level of competence. Ongoing training needs are regularly assessed by us to ensure a high standard of service:

Renewed Care Solutions complies with:

- The Care Act 2014
- The Regulation of Care Act 2001 (Scotland)
- Department of Health Code of Practice of NHS Employers
- All NHS National Framework Guidelines
